-Hockley County

I want to thank everyone for getting me where I am today. Ever since the first time I went to an Area Convention I have dreamed of becoming an Area I Officer, and now I'm getting to live that dream. Before my freshman year I had no idea what FFA was, little did I know, it would end up being my passion. Throughout the different skills and qualities I have learned throughout this great organization, I have become a better leader and cannot wait to lead Area I this year. I am beyond excited to see where this year takes us and can't wait to make memories each one of you. Let's see where the journey takes us!
