

To All District FFA Officers for 2016-2017,

Congratulations on being elected to a District Officer for the coming year. By being elected to this office, you have shown outstanding leadership abilities.

One of the first duties for you as a new District Officer is to assist with registration at the upcoming Area I FFA Convention. The registration of delegates is extremely important because of the proper count needed for any balloting that must take place. Also we need to register all FFA members who are not voting delegates. Not only is registration a duty of yours, but you will be needed on the delegate floor to be in charge of your district at all times and see that all business is carried out as it should be and you will assist the area officers during voting.

To ensure that everything is handled correctly and properly, it is required that you attend a very important orientation meeting on Friday, May 13th at 5:00 p.m. in room 2102 at Tascosa High School. At this meeting you will meet with Mrs. Cassie Sanders, who is in charge of registration, and meet with the Area Officers. They will give you instructions on how to register delegates, members, and guests. The convention program and other duties will also be discussed.

As a District FFA Officer, you need to inform your local advisor of this meeting time and date and make plans to attend this very important meeting. Your assistance will make this convention a success.

We appreciate your help as District Officer.

John Weathers

FFA Convention Advisor
